# About Richards & West

## A Hallmark for Excellence

Since 1982, Richards & West has crafted fine jewelry to create exquisite pieces that blend a rich heritage of craftsmanship with a hallmark for excellence.

The history of Richards & West goes back to John Richard Keim. His gift and passion for the art of fine jewelry making and design established him as a master jeweler. As a young man, John devoted his skill and talent to creating a designer line of men's and women's jewelry, as well as elegant one-of-a-kind fine custom pieces for both jewelry stores and individual clients. With hard work and patience, his business flourished as he gained a reputation for his extraordinary abilities and craftsmanship.

Built on an uncompromising passion for artanship, Richards & West's skilled in-house talent is renowned for their creativity and meticulous attention to detail. In pursuit of excellence, master jewelers use old world skills and modern technology to transform precious metals and gems into unique designs of the highest quality.

Over the years, Richards & West has melded the past and the present into magnificent timeless pieces.

Today, Richards & West continues its mission of creating fine jewelry in its own workshop. Their work continues to be an icon for exceptional quality, innovative style and exemplary service. With passion, dedication

and a constant pursuit of excellence, they strive to enrich the lives of their customers with distinctive pieces of beauty to be treasured for generations.

Richards & West is proud to be an American-made fine jewelry company. All of our fine jewelry is entirely made in our renowned in-house workshop in East Rochester, New York, USA.

## Precious Vessel Keepsake Jewelry

Precious Vessel Keepsake Fine Jewelry is one of the most personal and meaningful ways to keep your loved one or a treasured memory with you. A vessel can hold a lock of hair, sand from a special place, a flower petal, some cremation ashes or other small sentimental items. Each original piece in the collection is entirely handmade by master artisans in our own in-house workshop in East Rochester, NY, USA.

With a Precious Vessel, a special remembrance or a person you loved will always be with you. We hope your treasured piece will bring you comfort and many fine memories.

### The Making of a Precious Vessel

When Richards & West's master artisans set out to design the Precious Vessel Collection, they knew this was their most important goal: to create beautiful, timeless pieces of fine jewelry with special meaning.

Renowned for their artistic ability, workmanship and attention to detail, master craftsmen design and produce a Precious Vessel piece with the same perfection as they craft other fine jewelry for some of the finest and most well known jewelry designers.

Creating a Precious Vessel starts with a sketch to evolve into a beautiful piece of keepsake fine jewelry.

Only you will know the  
Secret Held Within.

The making of a Precious Vessel is true art—from production to the finished piece.

# Choosing & Filling A Vessel

## Selecting A Precious Vessel

The Precious Vessel Collection offers a wide selection of beautiful pieces for both men and women. They come in a variety of styles from classic to modern. If you want a piece with a more personal touch, we can take your idea, incorporate your heirloom jewelry or use our stones and precious metal to create a piece for you or your loved one. Whether you chose one of our designs or a more personalized piece, our master artisans will create a Precious Vessel that you will love to wear.

Select pieces can be engraved with a special message, initials or a symbol that is meaningful to you or your loved one.

### Step 1 Choose Your Precious Vessel

You choose your Precious Vessel by selecting the type of piece you want—pendant, key ring bracelet etc. Then select a design, your metal and any gemstones.

Your order can be placed entirely online. If you would like to create a piece that is more unique, contact our Customer Service Department and one of our master artisans will be glad to work with you to make your one of a kind piece.

Gem Diamond and Blue Topaz Pendant

### Step 2 Fill and Seal Permanently

Placing a loved one's cremains or a sentimental token into a Precious Vessel is simple. Once you have placed the ashes or token in the hollow of the vessel, the KeepLoc™ Plug is placed in the opening. The plug inserts easily with downward pressure then expands creating a water resistant and permanent seal in the back of the vessel. The contents are now secure.

Would you like assistance with your order? Friendly, personal service is available by calling 888-515-8324. Order online anytime at [www.PreciousVesselJewelry.com](http://www.PreciousVesselJewelry.com).

Our master artisans can create a Precious Vessel piece of fine jewelry that is unique to you, a very distinctive design that captures your vision like the ones pictured above.

# Policies

## General Information

Each Precious Vessel you order is custom artwork and very personal. Our in-house workshop hand fabricates each piece. Slight variations or subtle differences may occur. These variations add to the natural beauty and individuality of these unique keepsakes. To discuss a variation of any piece, call our Customer Service Department at 888-515-8324. We will work with you to create your unique jewelry design. Please note that we are not responsible for typographical errors in this catalog and reserve the right to correct any errors in pricing.

## Quality of Prints

If you have decided to order a Precious Vessel with a custom hand, foot, paw or nose print, please note that the final results vary based on the quality of the print and the type of metal chosen. Prints of infants and toddlers may not be as well defined as those of older children and adults. Prints in sterling silver can appear to have greater definition with a patina finish than prints in gold.

## Return Policy
